

Per Flux Loan from VICTORIABANK - A New Loan without Collateral for Legals.

VICTORIABANK offers a new product on the banking market - Per Flux Loan, intended for all legal entities engaged in business activity and needing financial sources for business development or starting of a new one.

Per Flux Loan from VICTORIABANK is a loan without collateral. The maximum amount constitutes up to 100 000 lei, and the maximum term - 12 months. Upon obtaining Per Flux Credit VICTORIABANK refunds 10% of aggregated amount of the paid interest if at least 90% of payments are operated through Victoriabank accounts.

Per Flux Credit is a financial solution for investment in your own business, by purchasing raw materials or new equipment, and other activities necessary for the prosperity business. Furthermore, Per Flux Credit without collateral is also a solution in case of the unforeseen expenses that may arise during the business course.

VICTORIABANK is one of the most successful banks in the Republic of Moldova. That is shown by the following: only in the year 2007 legal entities were granted loans in the amount of 3 billion 708 lei, and individuals in the amount of 500 million lei. Today the bank offers more credit products for legal entities. For more to view www.victoriabank.md
